Walden West Foundation, established in 1996, works to benefit the children of Santa Clara County in developing a life-long passion for science, engineering, and environmental stewardship.

The Foundation has raised millions to support students through facility improvements and student scholarships.

*Walden West,
teaching
science today...
changing
the world
tomorrow*

Walden West expands young minds and transforms lives

Using the Next Generation Science Standards for California Public Schools (CA NGSS), Walden West provides education through hands-on learning in outdoor classrooms with experienced naturalists.

The week-long, residential, outdoor school for 5th & 6th graders, along with summer camp programming, provides children an opportunity to learn about natural sciences, sustainability and environmental stewardship. Walden West serves 15,000 students annually and reaches students of all ages, pre-kindergarten through high school.

We invite you to support the children of Santa Clara County by donating to the Walden West Foundation. Donations directly provide access to outdoor science education which leads to a life-long passion for science and engineering.

Please visit us at waldenwestfoundation.org to learn more.

Make a one-time or monthly donation, of any amount, using PayPal/debit or credit card.

Go to: Paypal.me/waldenwestfoundation

- \$40,000 will build a new climbing wall for the challenge course
- \$35,000 will buy a new shuttle van for transporting students/volunteers
